To Whom it May Concern:

Re: RoHS compliance of products supplied to Sinus, as listed in Annex A

Dear Customer:

Polybrominated Diphenylethers (PBDEs), PolyBrominated Biphenyls (PBBs), lead, mercury, hexavalent chromium or cadmium are neither used as raw materials nor intentionally added to the Momentive Performance Materials products listed in Annex A. Thus, based upon the information currently available, we believe that these products meet Directive 2011/65/EU ("RoHS").

We do not test for the presence of trace amounts of these substances that may be introduced into the products as a contaminant.

These statements are for your information only, and do not constitute a warranty or product specification. The Company may alter its processes in the future. For current information on these products, please contact us at 4information@momentive.com

We hope this information is helpful to you. If you have any further questions please feel free to contact us.
